SCOPE

All licenced and non-licenced Asbestos Removal Requirements. For full scope please see the buyers guide

AGREEMENT BENEFITS

- Strong market coverage in the supply base allows direct contact with leaders in the various specialist areas, some of which are not available on alternative frameworks.
- MI reporting at consortia level will be direct and so within control, improving savings reports for members.
- Direct control of contract management and reviews at consortia level.
- BT2 savings (TBC)
- Compliance checks against Health and Safety legislation
- Expert category specific evaluators supported the evaluation of bids.
- Provision to manage sustainable impacts via the Net Positives supplier action tool
- Member rebates calculated each year by the NEUPC and administered by the consortia

Additional aggregated rebates are available that bidders have committed to should they receive higher levels of work than set turnover within a financial year. These are collected and redistributed by regional consortia following the conclusion of each financial year.
