Please note that for those green 'core evaluated' products within the pricing files, pack sizes may vary by supplier and this information should be obtained directly from the suppliers.

SCOPE

Lot 1a - Plastic Consumables - Teaching/Non-Branded (generic specification): tubes, containers, flasks, well plates, petri dishes, etc. Includes Pipette Tips.

Lot 1b - Consumables – Research/Branded defined by Research Protocols including Pipette Tips (Lot to be used only where research protocols/ grant conditions specify and mandate the relevant brand)

Lot 2 - Pipettes Sets (Equipment, spares, parts and tips for the same brand)

Lot 3 - Gloves to a generic specification

Lot 4 - Personal and Laboratory Protection Supplies: aprons, coats, wipes, overshoes, surface cleaning, sharps bins, spill kits, respirators, safety specs and goggles

Lot 5 - Filtration Consumables: syringe filters, filter papers, bottle top filters, filter sets

Lot 6 - Glass Consumables: Beakers, Capillaries, Flasks, Bottles, Vials, Containers and tubes

Lot 7a - General Purpose Chemicals - Solvents Analytical Grade (Mass Spec Grade, HPLC Grade)

Lot 7b - General Purpose Chemicals - Solvents other

Lot 7c - General Purpose Chemicals - Inorganic Chemicals

Lot 7d - General Purpose Chemicals – Organic Chemicals

Lot 8 - Miscellaneous Consumables: Includes medical related items

Lot 9 - Multi Purpose Lots (automatically generated and not to be bid for in isolation)– this will include sub-lots as part of the Lot 9 structure. Here we will facilitate the grouping of all the different multi-lot combinations (of awarded suppliers) showing those suppliers that can provide all core evaluated products across all of the different multi-lot combinations available (excluding Lot 1b). The purpose of this lot is to allow Members to purchase a 'one-stop-shop' solution via direct award or mini competition. E.g.,

- o 9a – Suppliers that can supply all core evaluated products in Lots 1 (a)-8,
- o 9b – Suppliers that can supply all core evaluated products in Lots 1(a)-7,
- o 9c – Suppliers that can supply all core evaluated products in Lots 1(a)-6,
- o 9j – Suppliers that can supply all core evaluated products in Lots 3 and 7,
- o 9k – Suppliers that can supply all core evaluated products in Lots 4 and 7 etc.

The number of sub-lots will depend upon the final results in Lots 1(a)-8 (excluding Lot 1b). Members who wish to aggregate their requirements across multiple lots can seek the most economically advantageous supplier by selecting the appropriate lots on the Lot 9 requirements template to see which suppliers can best offer the products required across the different lots selected. By selecting the required Lots, the template will automatically take the relevant supplier scores (per Lot) for each of the multi-lot suppliers who can supply all core evaluated products under those selected Lots and provide an average (mean across all applicable Lots) score which will then determine each multi-lot supplier's overall ranking across those specified lots. For the avoidance of doubt, Lot 9 can be used to direct award as well as run mini competitions for any products across lots (excluding Lot 1b). It is not limited to the purchase of core evaluated products.
