SCOPE

The purpose of this Framework Agreement is to give CPC members a compliant route to market allowing CPC members to purchase at a substantial and demonstrable discount relative to the marketplace throughout the term of the Framework Agreement.

The framework is split into 13 regional lots and a national lot. The Security Staffing and Associated Services framework was designed based on suppliers being competent in mandatory services such as –

- Manned Guarding Services
- Mobile Security Patrols
- Key Holding & Alarm Response
- Locking and Unlocking Services

Members can also purchase the following services through the Security Staffing and Associated Services framework –

- Remote CCTV Monitoring and Management
- Event Security
- Canine Detection Service
- Security Review & Consultations
- Security Screening Applications

AGREEMENT BENEFITS

Quick and efficient

Agreed price list for all core items

Direct line to a dedicated account management team rather than an anonymous call centre.

Management information and reporting available by all approved suppliers.

Social Value and Sustainability at the forefront of the suppliers operations.

Various options to award to ensure you are achieving VFM and compliancy with PCR2015 and your internal procurement regulations

Free CPC support and assistance with all of your procurement needs
