

Mass Spectrometry and Chromatography Equipment National Agreement (LAB1001 AP)

SUMMARY

Start date: 7th July, 2014

End date: 30th September, 2018

OJEU Number: 2013/S 150-260406

Lead Consortium: APUC

Main contact: Stephanie McAteer
smcateer@apuc-scot.ac.uk

SCOPE

LAB1001AP - Framework Agreement for the Supply, Implementation and Maintenance and Support of Mass Spectrometry and Chromatography Equipment

AGREEMENT BENEFITS

This Framework Agreement offers the following benefits:

- A wide range of equipment and associated services;
- Established Terms & Conditions;
- Effective reporting mechanism to obtain accurate, timely and relevant management information to aid continuous improvement;
- Vetted suppliers who have passed minimum standards in relation to insurance and financial stability;
- Adherence to EU procurement legislation;
- Ability to save time and resource on both sides by removing the need to perform further EU level Tender processes;
- Pre-defined and agreed Terms and Conditions;
- Shared risk and management of Contractors.

USING THE FRAMEWORK

Call-off from this Framework Agreement is by means of combination Mini-Competition and Ranked

Institutions will determine the correct lot to use when placing a Call-off Contract from the Framework Agreement by assessing their requirement against the available lots.

SUPPLIERS

Lot	Suppliers
Lot 1 - Mass Spectrometers	AB Sciex UK Ltd, Agilent Technologies LDA UK Limited, Bruker UK Ltd, Elementar UK Ltd., Isotopx Limited, Kore Technology Ltd, Markes International Ltd, Nu Instruments Ltd, Revvity (UK) Ltd., Shimadzu UK Ltd, Thermo Fisher Scientific UK, VWR International Ltd, Waters Ltd,
Lot 2 - Gas Chromatographs	Agilent Technologies LDA UK Limited, Bruker UK Ltd, Davidson Analytical Services Ltd, Kore Technology Ltd, Revvity (UK) Ltd., Shimadzu UK Ltd, Thermo Fisher Scientific UK, VWR International Ltd,
Lot 3 - Gas Chromatographs with Mass Spectrometers	Agilent Technologies LDA UK Limited, Bruker UK Ltd, Elementar UK Ltd., Kore Technology Ltd, Markes International Ltd, Nu Instruments Ltd, Revvity (UK) Ltd., Shimadzu UK Ltd, Thermo Fisher Scientific UK, VWR International Ltd, Waters Ltd,
Lot 4 - Liquid Chromatographs	AB Sciex UK Ltd, Agilent Technologies LDA UK Limited, Bio-Rad Laboratories Ltd., Bruker UK Ltd, Cytiva (previously t/a GE Healthcare UK Ltd), Davidson Analytical Services Ltd, Gilson Scientific, Revvity (UK) Ltd., Shimadzu UK Ltd, Thermo Fisher Scientific UK, VWR International Ltd, Waters Ltd,
Lot 5 - Liquid Chromatographs with Mass Spectrometers	AB Sciex UK Ltd, Agilent Technologies LDA UK Limited, Bruker UK Ltd, Elementar UK Ltd., Gilson Scientific, Revvity (UK) Ltd., Shimadzu UK Ltd, Thermo Fisher Scientific UK, VWR International Ltd, Waters Ltd,
Lot 6 - Forthcoming Systems and Modular/Combined Systems	Bruker UK Ltd, Davidson Analytical Services Ltd, Elementar UK Ltd., Gilson Scientific, Kore Technology Ltd, Markes International Ltd, Revvity (UK) Ltd., Shimadzu UK Ltd, Thermo Fisher Scientific UK, VWR International Ltd, Waters Ltd,
Lot 7 - Related Consumables/Accessories	AB Sciex UK Ltd, Agilent Technologies LDA UK Limited, Bruker UK Ltd, Cytiva (previously t/a GE Healthcare UK Ltd), Elementar UK Ltd., Fisher Scientific UK Ltd, Gilson Scientific, Kore Technology Ltd, Markes International Ltd, Revvity (UK) Ltd., Shimadzu UK Ltd, Sigma-Aldrich Company Ltd, Thermo Fisher Scientific UK, VWR International Ltd, Waters Ltd,
Lot 8 - Equipment Servicing/Maintenance	AB Sciex UK Ltd, Agilent Technologies LDA UK Limited, Bruker UK Ltd, Cytiva (previously t/a GE Healthcare UK Ltd), Elementar UK Ltd., Gilson Scientific, Kore Technology Ltd, Markes International Ltd, Revvity (UK) Ltd., Shimadzu UK Ltd, Thermo Fisher Scientific UK, VWR International Ltd, Waters Ltd,

SUSTAINABILITY

NEXT STEPS

See Buyers Guide as Updated for Extension Period.

Please note VWR International have not accepted the extension.
